THE ULTIMATE "ALL IN ONE"

FENCING MACHINE.

The Mountain Goat makes pounding posts with one person possible! Hop onto the seat, pick up your bundle of posts, drive out to your fence row, hop off and operate from the side...and pound posts all by yourself! With the Loader model you can conveniently hook up to any skid steer attachment, such as a wire stretcher, and also have up to 6' of lift which allows you to load and unload your trailer. This rugged track machine's climbing capabilities allow you to go up and down quite steep hills.
